

September 8, 2011

Dear Valued Customers,

We are very pleased to announce that AML is expanding its automatic scrubber line with its partner IPC Eagle.

The new machine is a CT15B35. It is a 15" Gansow automatic scrubber that offers the high quality, great value, impressive durability and outstanding dependability. It comes with two 12 volt 31 amp hour AGM batteries, one 24 volt 5 amp onboard charger and your choice of either a pad driver or nylon brush. The CT15B35 offers a one year limited warranty on parts and labour.

Enclosed you will find AML's price list page and sell sheet for this machine. We have also added this machine to our website which would contain all the attached information as well as the part list and demo video.

Thank you for choosing AML Equipment and Supply as a supplier for your equipment needs.

Sincerely,

Lary Vaughan
