

CAST COVER Series

PUSH BUTTON ACTIVATED HAND AND HAIR DRYERS

FEATURES

- Hands On® dryers utilize a maintenance free brushless motor, capacitor initiated for quick starts.
- The air nozzle revolves a full 360 degrees providing easy hand, face and hair drying.
- The air nozzle can also be fixed into a stationary downward position by means of a simple on-sight adjustment.
- Dryer covers are available in either a white epoxy paint or chrome plated finish.
- Custom colors are also available.
- All Hands On model dryers can also be used to serve as hair dryers, ideal for health clubs, locker-room facilities, resorts and private washrooms.
- Available in a surface mount or recess mount model
- Available in Lexan (BMC) White, Epoxy White or Chrome Finish

AUTOMATIC SENSOR ACTIVATED HAND DRYERS

FEATURES

- Fully Automatic Hand Dryers are activated by an infrared sensor when hands are placed under the air outlet.
- Hands Off® automatic hand dryers utilize a maintenance-free brushless motor, capacitor initiated for quick starts.
- Vandal-Proof - features include tamper proof bolts and a side mounted heating element which makes the heating element inaccessible through the air outlet.
- Automatic Hand Dryer covers are available in either a white epoxy paint or chrome plated finish
- Custom Colors are also available.
- Available in a surface mount or recess mount model
- Available in Lexan (BMC) White, Epoxy White or Chrome Finish
